AQTF 2007 Quality Indicators Resources Package

We have been advised by the Australian Council for Education Research (A.C.E.R) that the Quality Indicators resource package is now available on the ACER website www.acer.edu.au/aqtf/.

The contents of the resource package include survey instruments, an RTO guide and data collection and reporting software. Information sessions will be conducted shortly to develop understanding of the AQTF 2007 Quality Indicators and the associated instruments and collection systems.

Information Sessions are being arranged and will be held on the 24th and 25th March – further details will be provided when available.

2009 BIG Skills Conference—register now

The Department of Education, Employment and Workplace Relations will host a conference on 2-5 March 2009 which will address the best way to meet future skills needs in a globally competitive world.

The *Big Skills Conference* is the first major conference on skills and training hosted at the Federal level in recent times, and it has the support of many organisations and individuals involved in tertiary education and training. It is timely to reinvigorate further education and identify how skills and training can help address the big challenges of productivity, participation and social inclusion.

The conference will be forward looking and it will bring together major national and international players to debate issues, think differently and stimulate change in the Australian tertiary sector.

For registration please go to www.deewr.gov.au/skillsconference2009 or email skillsconference2009@deewr.gov.au (early bird registrations close 18 January 2008).

Submitting Applications

Although the application process for amendments for registration can vary, please submit your application to TAC at least three months prior to your intended delivery date to allow sufficient time for the process to be finalised.

If your organisation is renewing registration, you must submit your application at least three months before your current registration expires. Failure to submit applications on time may result in a lapse of registration.
